Re: *United States v D*

Your Honor:

I represent Dwayne Pulliam in the referenced case and am writing to request a final modification of the motion deadline. Previously, this Court granted my request to extend the deadline for filing pre-trial motions to January 3, 2025. Since then, I have reviewed various materials and conducted research to determine the merits of numerous potential motions. With one exception, I have decided against filing pre-trial motions. Specifically, I am still in the process of assessing the viability of a motion to suppress evidence seized during a search of Mr. Pulliam's residence. One reason that I have yet to reach a conclusion about that motion is that I am still conferring with the government as to the complete inventory of the materials seized during that search.

Based upon my discussions with the government, I expect to be able to determine and, if appropriate, file a motion to suppress evidence seized during the search of Mr. Pulliam's residence by the end of next week. Accordingly, I ask that the deadline for filing that particular pre-trial motion be extended to January 10, 2025. The government consents to this application.

Respectfully submitted,

/s/
